Dear Joseph,

How are you? Mum told me that you are coming to Hong Kong this winter. I suggest you to go to four special places that are famous in Hong Kong. First, Ocean Park has lots of exciting rides. Second, you should go to the Hong Kong Wetland Park. You can see lots of birds there that you cannot see near where you live now. I have been there once! Then, you should go to Aberdeen. Everyday, many people go there to have seafood. Lastly, I think you should go to the Peak. You can take many beautiful photos there. Hope you will enjoy your visit to these four places!

Yours,
Ivan

I went to watch a film in a cinema which is nearby my home last Sunday. Right before the movie started, a girl with long hair rushed into the cinema and sat beside me. She put her soft drink on a saucer. She was eating a hamburger and a pack of fries. The smell of the hamburger and fries made me hungry. But I didn’t have enough money. Besides, Mum wouldn’t allow me to eat such unhealthy food. I had already eaten some junk food on Saturday.

Suddenly, the girl laughed. She spilled the soft drink carelessly on my dress. Although she apologized to me, I was nearly mad! When I was about to shout at her with anger, I suddenly remembered that the teachers always tell us to forgive others. So, I excused her.

When I went back home, I had to wash my beautiful dress!

What an unlucky day!

I went to watch a film in a big cinema last Sunday. There was a girl sitting next to me. She was enjoying a delicious hamburger and a cup of cola. She was too concentrated on the scary movie. Suddenly, there was a big monster appeared on the screen. The girl jumped up and screamed loudly. The cup of cola splashed on my new dress. “Ah!” I yelled angrily. The girl realized that she ruined my pretty dress. She apologized to me immediately. Although I was angry, I forgave her. After I finished watching the movie, I went home. Mum scolded me. She roared like a lion. Roar! What an unlucky day for me!
I went to watch a film in ABC Cinema last Sunday. I was glad. A girl who sat next to me was eating a hamburger and French fries. She was drinking some soft drink, too. She had long hair and she was wearing a beautiful, long dress. Suddenly, the girl splashed her soft drink carelessly onto my dress. I felt wet and cold. I went to the washroom immediately after the movie ended. I tried to wash the stain from my dress but it didn’t work.

The girl waited for me outside the washroom, and she said sorry to me. I told her she must be more careful next time. I was upset because the dress was a birthday gift from my grandmother.

What an unhappy day!
An Unforgettable day

I went to watch a film in Happy Cinema last Sunday. It was a scary, terrible film named “Frightening Ghost at Midnight”. I arrived there very early. A few minutes later, a big girl came and sat beside me. She had a hamburger, some fries and a full cup of soft drink.

The film was really horrible! The big girl screamed and cried uncontrollably. Suddenly, I felt something wet on my dress. I checked immediately. Oh no! The girl had carelessly poured her soft drink on my clothes. All the people stared at her. Her face turned red and she quickly said sorry to me. At last, I forgave her and she promised not to be careless again.

I went to watch a film in Tsuen Wan Broadway cinema last Sunday. At 3’o clock, I sat down in my chair to wait for the show. Suddenly, a girl sat next to me. She held a hamburger, French fries and cola. 5 minutes later, the film started. When it was the funny part, she laughed loudly and her cola splashed carelessly on my expensive dress!

At first she didn’t know, until I said, “Hey! You splashed your cola on my dress?” She said, “Sorry! Sorry!” Then, I ran angrily to the washroom with my dirty dress. When I walked back out of the washroom, I suddenly realized that the film was over! I wanted to find that girl, but she had already gone!

What a bad and unlucky day!
Monday Sunny 23rd February, 2015

What a happy day today!

It was lunar New Year holiday so my mum and my aunt took me to Tai O by bus.

In Tai O, I saw many green trees and the air was very fresh. Along the way, I saw the mangrove forests. When I went there, it was low tide, so I could see the roots of the mangroves. When I left, it was high tide. The water rose up the shore and covered all the roots. I felt that nature was amazing.

Then, we walked in the village and saw the stilt houses. They were very special and I felt that Tai O people were clever to build those houses over the water.

Finally, we walked to the Tai O Heritage Hotel. It had been a police station before. The building preserved the colonial architectural elements. It was so beautiful. I went to the Former Holding Cell. It was a small room with a long concrete bench. It was very creepy.

When the sun went down we left, filled with happiness. Today, I learnt some cultural facts of Tai O and I want to learn more about the history of Hong Kong in the future.
During the past three days, P.5 students went to Lady Maclehose Holiday Village.

On the first day, my team played archery and did some handicrafts. After that, we had our dinner. Then, we played a detective game. We needed to investigate a very complicated case. We went to a crime on the spot and investigated the case. At last my team won the competition and became the 2nd winner! We enjoyed this game very much!

The next day, after breakfast, we went to play another game. During game time, our body couldn’t move outside the line which was drawn on the floor. And we needed to put the things as far as we could. The first team member put his / her feet on the second team member’s hand. (But the hand wore the shoes.) So, our bodies would not touch the floor. Suddenly, it was raining, so we have stayed at the campsite for two hours. After that, my team wanted to play archery or handicraft, but Mr. Yiu taught us how to play football machine. We loved it! It was a great game for us. We played it for almost an hour. How funny it was! At night, we played some more games to enrich our friendship skills. So exciting!

On the last day, we had some more time to play, so we went to play football machine again. But soon it was time to go back home. It was the best camp I have ever been to! I loved it. I hope I will go camping again.
Matthew’s lunchtime at school

“Ding dong! Ding dong!” It’s time for lunch! My classmates were running to the canteen to buy something to eat. Kieran and I went to the playground to eat lunch. Before I changed to this school, Kieran and Josh sat together at the lunch time, but today, I sat with Kieran and Josh was standing under the tree alone. I knew Josh was thinking Kieran was making friends with me. When I started my lunch, I could hear some classmates talking happily and the girls singing songs sweetly. They were so good at singing. I really wanted to talk with Kieran but Josh always looked at us. I was afraid Josh would be angry with me. The classmates stared at me so I felt uneasy.

When we sat on the bench, I shared my banana with Kieran and Kieran gave one piece of jam biscuit to me. I could see Josh pulling faces at me. He was jealous. I really hope Josh and Kieran will not hate each other.

After our lunch, Kieran and I went to the playground to play football. I think Josh wanted to join too, but he was not brave enough to ask us. I saw Josh whispering with other classmates. He was sad because Kieran did not play with him. I was sad too. I wanted to play with Josh and make friends with him. I knew he was a kind boy. I hope he will take it easy.

‘Ding, dong! Ding, dong!’ The bell rang. Everyone got their lunchbox then ran out of the classroom. I wanted to have lunch with Kieran, so I looked around the classroom to find him. Everybody giggled at me. Suddenly, Hannah shouted loudly, ‘TOMATO, WHY DON’T YOU GET YOUR UGLY PAPER LUNCHBOX?’ I really wanted to disappear. Finally, Kieran came to have lunch with me.

We had lunch on the bench. Kieran opened his beautiful Spiderman lunchbox, singing his Spiderman song and I opened my ugly paper lunchbox. Then, I saw someone whispering under a tree. I knew it was Josh, so I didn’t tell Kieran about it. Josh was very angry because I was making friends with Kieran. I thought Kieran was such a generous boy because he gave me a jam biscuit. I thanked him and gave him back a banana in return.

When it was lunch break, Kieran thought I loved playing football, so he took me to the football field. Actually I’d never played football with my friends! I tried my best to do as much as I could. I knew Kieran was good at football, so I wanted to be good at football too. Unfortunately, I couldn’t catch or kick the ball. I ran around the playground trying to play. Everyone was giggling at me and Kieran started to laugh at me. I thought - I can’t study happily at this school. Mum, why do I need to study at this school?
Josh’s lunchtime at school

“Ding, dong! Ding, dong!” When it was lunch time, I saw Kieran walking happily out of the classroom with Matthew. After I saw that, I thought it was a little bit unbelievable, however Matthew followed Kieran too! So I thought they were making friends. I heard the classmates talking happily, including Kieran and Matthew!

I couldn’t stand it! So I pulled a bad, red face at Kieran and Matthew then went and sat under the tree alone. I felt angry and sad.

When they were having lunch together on the bench, I didn’t want to join them because I hated Matthew. That was enough! I couldn’t stand it! They happily shared their food but not with me! After that, I didn’t want to have lunch in a bad mood! “Yuck!” I snapped. I believed my classmates were laughing at me as I was alone, with no friends. I felt very hopeless without my friends.

In the recess, Matthew and Kieran came to me and invited me to join them. However, I refused to play with them, because of Matthew, the boy grabbed my best friend! Then I heard them whispering. I hoped they were not gossiping about me. I felt worried and alone.
“Ding, dong! Ding, dong!” The bell rang when it was lunchtime. Kieran took me to the ground floor. He pointed at a light brown wooden bench and asked me to sit down to have lunch. Some classmates were talking happily. Kieran introduced what activities I can play in the recess. I felt very excited. We opened our lunchboxes. Kieran had a Spiderman lunchbox and I had an Ironman lunchbox. I thought we liked Marvel characters too. When I was talking with Kieran happily, I saw a boy standing under a big tree staring at us. I thought he was the boy who made the snort in the classroom. Kieran didn’t look at him.

When we finished our lunch, Kieran went to invite the boy, Josh, to play football with us. But he didn’t answer, he went away. I felt very sad. I hope the boy can accept me and play football together happily.
“Ding, dong! Ding, dong!” It was lunch time. All the students ran out of the classroom with their lunchboxes. I saw Kieran going out of the classroom, so I ran after him. He took me to the garden and we ate lunch together.

We had lunch on the long log. I opened my paper lunch box and gave Kieran a banana. He thanked me, then he gave me a jam biscuit. I think he is very kind. I started to love the new school life.

When we finished our lunch, Kieran kicked the football with me happily, but I felt someone looking at us behind the tree. I remembered that he is Kieran’s friend. When I went to ask him to join us, he pulled a rude face at me. He threw his lunch box on the floor. Kieran and I were shocked.

Later we heard someone crying in a corner. When we followed the sound, we saw that Josh (Kieran’s friend) was the one crying in a corner! I comforted him and let him join us. He said sorry that he had been jealous. After that, we kicked the football happily together. Josh’s character is not so bad.
After the new boy, Matthew came to our school, Kieran and I had bad feelings. He liked Matthew more than me! I was so sad.

One day at lunchtime, I saw Kieran walking out of the classroom with Matthew. The classmates talked happily with Kieran and Matthew too! I went down to the playground with my Spiderman lunch box. I felt very sad and lonely about this.

During lunch time, I saw Kieran eating lunch with Matthew on the bench. Other classmates all ate lunch together. But I was eating alone. I felt sad, angry and lonely.

After lunch, in the playground, Kieran and Matthew were playing together. I heard Kieran and Matthew talking happily. But I walked alone in the playground. I felt sad, angry and lonely.
“Lunch time! Please bring your lunchboxes and go to the playground!” said Miss Kemp loudly. So I got my race car lunchbox and Kieran got his Spiderman lunchbox and we walked together to the playground. I heard classmates talking happily. I was nervous but interested about the things in the playground.

When we were sitting on the bench, I saw Josh giving me a bad look. I didn’t know what I did wrong. Then, Josh came nearer to me, “Why did you take my best friend?” said Josh angrily. I didn’t know how to answer such a question. “I … I did not take your friend, Kieran. He needs to take care of me these few days, so maybe you can join in,” I said in a small voice. At that time, Josh knew that Kieran was just helping me because Miss Kemp asked him to do it.

“Sorry, please forgive me. I will play with Kieran as usual. Do you want to play basketball? More players are more fun!” I said. “Sure! I love playing basketball,” said Josh. While Kieran, Josh and I were playing basketball, the school cat Mandy also came, looking like a teacher walking around the playground. My warm smile made Mandy feel like I was going to win the basketball race. With Mandy’s cheering, I was the real winner!

Matthew’s lunchtime at school

When it was lunchtime, I followed Kieran down to the playground and sat next to him on the bench. I saw Josh a few seconds later. He seemed to be sad but he stared at us angrily. He carried his lunchbox. I thought he was going to eat but he sat under a tree and ate nothing instead! I am so worried. I think he hates me.

I tried to tell Kieran about it but Kieran just pretended to be a stupid clown!

Ring! Ring! The bell rang. It’s time to go back to our classroom. I followed Kieran back to the classroom. When I looked back, Josh was behind us, still staring angrily at us! Kieran knew Josh was angry with him, so he looked down at his feet and quickly ran back to his classroom, leaving me behind, trying very hard to catch up.

Now, I feel as helpless as a baby. I don’t know what else to do but hope Kieran and Josh will be friends. I don’t want to ruin their friendship! And I don’t want any Jammy-Dodger jam biscuit grudges with Josh!
Josh's lunchtime at school

At the beginning of lunchtime, I ran to the playground to find Kieran. I was happy because I could have lunch with Kieran again. I saw him walking out of the classroom with Matthew. They were happily talking about Spiderman. During lunch time, Kieran and Matthew ate lunch together. They looked so happy. Matthew gave Kieran a banana. Kieran liked the banana and thanked him. Then Kieran gave Matthew a jam biscuit. I was so angry. I stood under the tree and ate my lunch alone. I did not look at Kieran. I was sad because Matthew took my best friend away. In the playground, Kieran and Matthew talked together. I heard that they were talking about Spiderman and they were singing the Spiderman song. They even played football together. I played football with my other classmates. I was happy because I liked football. But I hated Kieran. I didn’t want to play with him anymore.

It was the beginning of lunchtime. I saw Kieran walking out the classroom with his Spiderman lunchbox. Some classmates were talking happily and laughing at me. I was embarrassed. So I got my paper lunchbox and banana and followed Kieran fast. Suddenly, I noticed that a boy was following us. Kieran and I sat on a bench and the boy stood under a tree, staring at me. I gave a banana to Kieran and he gave me a jam biscuit. The girls were still laughing at me.

During lunchtime, the boy under the tree grew angry. I started to worry about Kieran and the boy. The girls gossiped. It was so humiliating. I ate the jam biscuit. The boy was standing alone until someone said to him, "Your best friend is making friends with the new boy!" The boy snapped angrily. Then he walked away.

We went back to our classroom at the end of lunchtime. The boy was so angry that he didn’t look at Kieran. He told the girls something about me and they laughed sneeringly. Kieran and I were cross with the boy. Kieran said he would not be the boy’s friend anymore.
Josh’s lunchtime at school

Today at lunchtime, I felt so happy. First, we had a new classmate, Matthew. My friend, Kieran needed to take care of him. They were walking out of classroom. I could hear that they were talking happily. So I ran away as fast as I could because they did not talk to me. Kieran was not my friend. I went near the tree and had my lunch. I felt lonely and unhappy.

Then I could see that they sat on the bench. They sang the spiderman song when they opened their lunch boxes. Kieran knew I was there. But he didn’t look at me. I felt so sad and lonely. I wanted to cry.

Then they went to the playground to play football but they did
not play with me. When Hannah Holby saw that, she laughed at me. I was so cross that I took away their football.

At last, they couldn’t play and I felt happy.
Matthew's Lunchtime At School

It was lunchtime, the lunch bell rang and the classmates ran out of the classroom. Kieran came out with me. "Let's sit on the bench," said Kieran. I nodded and agreed with his idea, so we sat down on the bench. I saw Josh come out of the classroom, talking with Miss Kemp, "Please take good care of Matthew, Josh. He is a new student at our school." He nodded and ran away. Soon, I felt hungry. I thought that it was time to have lunch. So I gave Kieran a banana because I thought that he liked to eat fruit, and he gave me a jam biscuit.

While we were eating, I saw Josh staring at us. I heard him muttering, "Kieran is making friends with Matthew. Did he remember me?" I felt so scared that Josh might be angry with me. Suddenly, a voice spoke to me, "Matthew, what are you doing? Why don't you eat your lunch?" It was Kieran. Kieran was afraid that I would not eat my lunch because I felt lonely. So I ate my lunch quickly. When I was eating, Kieran introduced his classmate, Josh, to me. I was happy now because I knew more classmates in my class.

Then, we walked back to the classroom. Kieran talked to me along the way. I wrote my homework during the lunch break. Kieran also taught me more about the homework when I didn't know how to do it. I felt very good because Kieran cheered me up during lunchtime. I thought that he was really a good friend. Miss Kemp was very surprised because she didn't know that Kieran could cheer me up so much by talking to me.
My Dream

In my dream, I was on the moon. I saw a lot of strange space houses, space flowers and space aliens. Although they looked different, I liked them. I felt excited that it was my first time on the moon.

Suddenly, a cute alien came by. He looked like a big ball with one eye on a round body. That lovely alien said, “Little boy, please help me!” I looked back and saw a broken spaceship. I replied, “No problem!”

I repaired the spaceship as fast as I could. The alien was very happy and said, “I really appreciate what you’ve done.” I also told him where Hong Kong was and
My Dream

In my dream, I was on the Moon. I had super power when I was in space. My super power was to make somebody frozen.

On the moon, I saw a radar mast and some spaceships. Suddenly, I saw an alien. It looked like a monster. It had just one big eye on its face and it was in a space suit with a space hat.

The alien wanted me to help it because it was in trouble. Someone wanted to catch it for research. So, I used my super power to freeze the ones that were trying to catch it. I was so glad that I could rescue the alien.
My Dream

In my dream, I was on the moon. There was a notice on the Moon. It said, “Welcome to the Moon!” There were a lot of strange buildings, strange living things and strange plants. When I wanted to take pictures, a short, fat, cute alien came along and wanted my help. I agreed and he took me to his basement.

I saw some of my friendly classmates were locked into a transparent rectangular narrow room. They shouted and hit the transparent wall, trying to escape. I wanted to help but my hands were locked by a chain. That alien said to the alien guard to lock me up.

Suddenly, my best classmate, Andy, was pushed to the guillotine and... he died! His head was given to the King of the Moon and he ate it! I howled loudly.

“Bib, Bib, Bib…” There was some noise. “RTHK six thirty a.m. news…” I woke up and I found that I was in Tsing Yi. I was...
in my home! I was not on the horrible Moon. Next, I called Andy.

He was alive! But I still listened to the news radio channel all
day – just to make sure it was a bad dream!
My dream

In my dream, I was on the moon. I met an alien there. The little alien asked me to help him find his mum. I nodded. I took him to the moon police station to ask the police to help him. But when we went to the police station, there weren't any police! And there was a note saying, "Police station resting for one day, sorry." Oh! I would have to help find his mum myself. We looked and looked, asked and asked the other aliens. One hour later, we still couldn't find his mum. The little alien started to cry loudly!

Suddenly, there was a sound. The little alien stopped crying. "Mum! Mum! I'm here!" the little alien yelled. "My lovely son! I've found you after one hour!" his mum shouted. They hugged each other. "Thank you good man, come and join our dinner!" his mum said.

"Really? Yeah! I was so glad at that time. After having a yummy moon dinner, I was so full.

"Thank you! I have had a happy time with you!" I yelled.

"No thanks needed! If you have free time, please come again!" yelled the little alien and his mum. "Ok! Ok! Thanks a lot!" I said. Suddenly I woke up. That was the end of my dream.

In my dream, I was on the Moon. I saw a lot of fish, plants, towers, even our planet, the Earth! I walked around and it felt amazing! I thought

"What a fantastic planet...." Suddenly, I heard some sounds behind me.

"Little boy! Can you help me?"

I turned my head around and saw a lovely, little alien. It seemed so poor and unhappy. So I replied, "Of course! How can I help you?" The alien pointed and led me to its spaceship. I saw that the spaceship had broken down. The alien gave me some materials and I started to fix it. It was difficult but the alien helped me. Soon we succeeded and the alien and I became good friends. We took the spaceship back to Earth. We both felt sad but when the alien started to return to its planet, it yelled, "Next time you come to our planet, we will play together again! This is a souvenir for you! Best friends forever!"
My dream

In my dream, I was on the Moon.
I saw many beautiful moon flowers and interesting moon animals. The most interesting thing was the moon building. I went inside and saw an alien. He had one big eye, a small green body and a big yellow round head. He said, "Little boy, can you help me fix my space ship?" "No problem," I said. Then, we were very hard working. Suddenly, we heard a loud noise. Bang! Crash! Ahh! "We looked out by the window and saw many giants attacking the moon.

Then, I took a moon gun and started to fight with the giants.

Finally, I won the battle and all the aliens said, "Hurray!" Then I became the king of the moon. I lived there happily forever.
My Dream

In my dream, I was on the Moon. I saw a lot of aliens. Some were big and some were small, some were ugly and some were cute. I also saw a lot of weird flowers and fishes. Suddenly, I heard someone crying. There was a cute little alien with a big head and a big eye.

"Hello little boy, my name is Jo-Jo, please help me!" the alien said.

"My name is Sam and nice to meet you. Don’t worry - I’ll help you", I answered.

"You’re very kind. I wanted to travel to Mars to have a look, but my space ship broke down," the alien explained.

"This is an easy job! I have a big spaceship and I can take you to Mars," I replied.

I flew my spaceship to Mars and let Jo-Jo have a look. At the end, he gave me some special gifts and I was very happy …… “Wake up! Wake Up!” My mum shouted. Oh! It was just a dream.

I hope I can be an astronaut when I grow up. I would like to travel to explore every planet.
How to look after a goldfish

General Information about goldfish
Goldfish are cute little animals, with gold and orange colours. You may choose one with a fat gold and orange body and beautiful round eyes. You should give it good care, so it can live for 2-3 months. If your goldfish can live for 4-6 months, it is very healthy and strong. Remember! Don't pick it up with your hands!

A home for your goldfish
First, you will need a tank – the bigger the better. Put some clean water in the tank – but don't put all clean water in to the tank. Keep some old water, so that your fish can get used to it! You can put some rocks, sand and plants... in the tank. Remember! Never put different kinds of goldfish in the same tank.
**Food for a goldfish**

Give your goldfish:
- Bread (little and small)
- Fish food

Don't feed it too much or it will die. Remember! Never give it any snacks.

**Things for your goldfish**

Decorations:
- Plants
- Sand
- Ball
- Water wheel

Remember! Never put too many decorations in the tank.

**How to keep your goldfish fit**

If you want your goldfish fit and healthy, you need to change your tank's water and clean it each week.

Remember! Don't forget to feed them each day.

Cats’ eye colour is usually gold. Their eyes are very cute, too. They can live up to 18 years. People love playing games with them. Therefore, cats are great playmates.

**REMEMBER!**

Choose a cat with a healthy condition.

**HOME SWEET HOME**

Cats need a safe and comfortable home. As a result, they can sleep soundly and sweetly. They need a little box, a cat bed and a cushion for their home to help them sleep. They like cushions very much because cushions are soft and comfortable.

**REMEMBER!**

Provide a safe and comfortable home for your cat.
FEEDING YOUR CAT

A cat will eat a lot of meat for protein and dry food. Cats love to eat a can of tuna. Cats are special. They can’t eat onions and garlic. You should feed them three times a day.

REMEMBER!
Cats can’t eat onions and garlic.

LEISURE FOR YOUR CAT

All cats like climbing and jumping so they climb and jump all day. You can buy them a climber and play activity centre. Cats love playing with a ball very much. Therefore, you can play Glitter Bell Ball with your cat.

REMEMBER!
You must play with them every day.

OTHER INFORMATION

Now, I will give you some tips. If you want to keep your cat healthy, you must take it to visit the vet regularly. If you want to keep it clean, you can train it to use its own toilet. Don’t use a carpet at home. Mop the floor once a day.

How to look after a dog

Introduction

Many dogs have black or grey fur (some have white fur with black polka dots). Some dogs can be 1-2 metres tall when standing. Dogs usually live for about 14 – 18 years. They can live pretty long. The oldest dog can live up to 18 – 20 years old.

Spotted Dogs

A home for the dog

All kinds of dogs like to live in a kennel (dog house) if the kennel is big enough to let the dog live comfortably.

We put two bowls on the ground.
We put dog food and water in each bowl. For rewards, we give some crunchy bones only for treats.

Dog kennels
Food for Dogs
Most dogs eat pellets, dog food and bones. Never give chocolate or grapes to dogs. They will vomit and die!
We feed it when its ears are down.
We must always look at its body.

Leisure for Dogs
Dogs like walking in the park so we must walk it frequently at the park.
Dogs like playing with rubber bouncy balls so you can often play Fetch with the dog.

Other Information
To keep a dog healthy, you must take it to the Vet to have a body check frequently and take away stale food.
Brush its teeth and clean its fur after walking in the park.

The Accident

I went ice-skating with my friend, Lucy. When we were ice-skating, we talked about the interesting things that happened in our school.

Suddenly, Lucy skated very fast but I could not follow her. I was very worried. I shouted “Lucy, wait!” But she couldn’t hear me.

At that time, a boy came my way. He was talking with his friend and he didn’t see me, so he bumped right into me.

We were very unlucky that we both broke our legs! We had to stay in the hospital for two weeks. The boy promised me that he would be more careful next time.
The Accident

I went ice-skating with my friend, Lucy. We played there happily. Suddenly, she skated very fast. I shouted, "Lucy, wait for me!" But she did not listen.

When I was behind her, Tom bumped into me and we fell on the ground. "Ouch!!!!" we shouted. Lucy turned back and skated next to me. She asked, "Are you alright?"

"No!" I answered painfully, "I have broken my leg!"

"Sorry, Pam. I did not take care of you ......" replied Lucy. "And you, Tom! Did you look carefully where you were skating?" I shouted. I was so angry that I wanted to hit him! "Sorry Pam. I will look carefully when I am skating next time. Please forgive me." said Tom. After that, Lucy took me to the hospital and I needed to stay there for about a month! I will not go skating anymore because it was dangerous and I don't want to break the other leg! How dare Lucy and Tom!

BY BENJAMIN LAU  5C(13)
The Accident

I went ice-skating with my friend, Lucy. This was my first time to go ice-skating so I skated very slowly but Lucy was good at ice-skating. She was too fast so I couldn’t catch up. Soon she was out of my sight.

When I was looking for her, I saw Jack chatting with his friend. I wanted to ask him if he had seen Lucy. He didn’t hear me or see me. It was too late. He bumped me!

I was badly hurt. I broke my leg! Lucy found me at last and took me carefully to the clinic. The doctor said I will be fine in two months! I will never go ice-skating again.
The Accident

I went ice-skating with my friend, Lucy. She skated so fast that I could not catch up with her, so I tried to skate faster. Suddenly, two boys skated towards me, and they were talking to each other.

One of them could not see me, so he crashed into me. It felt very painful! And I broke my leg. Lucy quickly called an ambulance and sent me to the hospital.

One week later, I felt better. I could leave the hospital. Lucy said sorry to me because she didn’t take care of me, I forgave her, and we were happy again.
The Reward from the Emperor

5C Emily Wu (30)

I got a reward from the Emperor. I felt excited and surprised because it was my first time to get a reward from the Emperor. He told me to do some meaningful things as I jumped and clapped. Now I am thinking what to do with the money.

I have ten thousand dollars. I will donate six thousand dollars to Oxfam and World Vision. This money will help the people in need. It is more blessed to give than to receive. When the poor have enough food and money, they will live happily and healthily.

I have four thousand dollars left after I donate six thousand dollars. I will save this up for future use. I can save the money in the bank. And I will keep a little money at home. I will buy something for myself.

I can spend some money with parents and eat with my friends. I will buy some presents for my parents because they love me and take care of me.

I feel delighted to help the poor people. I like to help the people in need by donating some money. I hope I can donate more money in the future.
The Reward from the Emperor

I was rewarded $10,000 by the Emperor.

I will use the money to help others, saving up some money, spending some of it and using it on what I want to do.

First, I will give some money to my mum and dad. Because I can reduce the burden on my parents as I grow up. So I should thank them.

I will also give some money to the poor. It is more blessed to give than to receive. I hope I can give the poor food, water and shelter. The best way to multiply your happiness is to share it with others.

Next, I will put some money in the bank because I can save money for my own education expenses and future living. A penny saved is a penny earned.

Then, I will spend some money to buy what I want such as sweets and toys.

And also buy something for my family to make them happy. The best way to multiply your happiness is to share it with others.

Finally, I will use some money to attend some sport classes to make more friends and be more healthy. Wealth is the ability to fully experience.

I must gain control over my money or the lack of it will forever control me.
The Reward from the Emperor

I was rewarded $10,000 by the Emperor because I told him the truth in the grand procession. I was glad to have the money.

I will donate some money to help other people in need. It is more blessed to give than to receive. I will donate two thousand dollars of the reward to World Vision. It is a worldwide charity which always sends volunteers to provide support for the helpless victims in natural disasters, such as earthquakes. It provides the victims with food, water, warm clothing and medication which are real meaningful acts.

Next, I will save six thousand dollars. As we know, a penny saved is a penny earned. And I can save money for my own education expenses and future living too.

Then, I will spend two thousand dollars of my reward. Maybe I will buy myself some books and snacks. Or maybe some toys. Money is a terrible master but an excellent servant.

I hope I will make the poorest people happy and spend money properly.
The Reward from the Emperor

As I was rewarded $10,000 by the Emperor, I had many wonderful ideas, so I was very excited.

I remember that the happiest people are not those getting more, but those giving more. So first I will donate to the people in need, because in this world, there are many earthquakes, floods etc... I will also share the money with my family. I think that I will use $3000 for that.

Next, a penny saved is a penny earned. So I will put money in the bank, because I can save money for my own education expenses and future living. I will use $4000 here.

Then I will have a trip with my family. Money is a terrible master but an excellent servant. Maybe I will have a party at home, and invite all my friends. But I will never spend my money before I have earned it. Here I will use about $3000.

Lastly, I am very happy that it is easy to have a good plan. But I think it will be more difficult to do it.
The Reward from the Emperor

I was so excited when the emperor rewarded me ten thousand dollars because I told him the truth in the grand procession. It was really a great deal of money to me! I will share some of the money with others, save some and spend some on myself.

I will give some money to my Dad and Mum as they really love me and take care of me. I will donate some money to the poor people and World Vision, hoping that the money can help people in poor living conditions, to provide food, clean water and clothes for them. It is happier to give than to take. I know that the best way to multiply my happiness is to share it with others.

I will save part of the money for my education in the future. It is costly for higher education. I will also save some money for travelling. I like to travel to different countries to see beautiful places, to enjoy delicious food and to meet people in various countries. Wealth is the ability to fully experience life. Then, I will save some money in the bank for emergency use.

I will spend some money to buy toys. I like puzzles, toy pets and dolls. I will buy some painting materials as I like painting very much too. I will spend some money on clothes for different occasions. I will also spend some money on food because I like eating and cooking. Money is a terrible master but an excellent servant.

In conclusion, I will share the money with others, save some of the money and spend some on myself. I think I will spend the money wisely and keep on learning. However, I will earn my own living and will not just rely on the money.
Dear Emperor,

Thanks for your ten thousand reward. I am thinking how to spend it now.

First, I will donate two thousand five hundred dollars to the Red Cross or World Vision. I will join the volunteers to help the civil wars, refugees, and children and families in communities devastated by the HIV epidemic.

Second, I will save six thousand in my bank and five hundred dollars in my piggy bank because the quoting said “a penny saved is a penny earned.”

Lastly, I will spend five hundred on my download games in my computer and five hundred on buying some books and taking care my parents because I can reduce the burden on my parents as I grow up.

Now, I am going to donate the money to Red Cross. I am feeling very righteous. Then, I will go to buy books.

Yours faithfully,
The Little Boy

My trip to Zhu Hai & Macau

I went to Zhu Hai and Macau for three days and two nights. We went there by ship and bus.
Zhu Hai

In this picture, my family and I were watching sea animals in Chime Long Ocean Kingdom. We saw a lot of sea animals like fish, sharks and jellyfish...

Suddenly, I heard my brother, Moses scream loudly, and he pointed at a white whale. I looked at it and I also screamed. It was a very, very big white whale. It was even bigger than my dad! I thought it was so amazing.
Macau

The next day, we went to Macau. We went to Guia Cable first. When we rode on the cable car, we had a great view of the park, and we were all in a good mood.

At first, I felt a bit frightened because we were too far from the ground. I look down from the cable car, I saw some people were having a picnic and some people were flying a kite...
What an interesting day. Everyone enjoyed it so much. This was the most memorable moment, hanging out with my family, which I will never forget.

An Unforgettable Trip

Opening

I had an unforgettable trip to Paris, France. I went there last Christmas holidays with my family. We stayed there for five days. I went there by plane and it took me twelve hours! I went there for sight-seeing. There were so many things to see that I felt very surprised.
The First Day

In this picture, you can see I was standing in front of The Eiffel Tower with a big smile. I felt very excited when I saw this tower. After taking photos, we bought four tickets to go up to the top of The Eiffel Tower. When we arrived there, we all screamed, 'Wow! The view of Paris is very beautiful.' It makes me feel so excited. Suddenly, it started snowing! My sister and I were in high spirits because it was the first time that we can see the snow. So we took photos immediately to remember this moment.

The Second Day

The next day, we went to La Louvre Museum to admire famous pictures. After having breakfast, we started to go to the museum. Everything was fine getting there. But, we had a problem that it is closed every Tuesday. We felt very disappointed about that, so we went aside to take photos. What a full day!

Hello everybody. Today, I am going to talk about my unforgettable trip to windsurfing camp.
I went there at Chinese New Year with my windsurfing classmates. I stayed there for four days. I went to the camp because I need to train myself to be stronger. I hope I can get in to Hong Kong Windsurfing Team - that is my DREAM!

In the picture, I am windsurfing and surfing around the sea, waiting for the competition to begin. The coach said we must do at least five rounds in the whole day.
I was in a good mood and tried my best. As a result, I got the first runner-up. The medal was very beautiful and I felt very cheerful. I had a great result because I practised a lot.

I love windsurfing very much.

The last day was the fitness training day, so we needed to practise running and cycling. Running was not funny in winter because the wind blew across my body so that I felt a bit cold, even freezing. It was really unbearable.
The winter training camp was so exciting and I loved it there very much. I hope I can go again next year.

Thanks for listening to me.

An unforgettable birthday

My birthday is on 10th June. I had an unforgettable birthday on that day last year. After school, I went home but there was nobody there so I entered my bedroom. When I was opening the door, I saw my best friends in my bedroom. They shouted “Happy Birthday” to me. I was so surprised that I couldn’t say anything. I was very happy. Mum baked a cake with some cocoa beans and cream on top. She also cooked some chicken wings, salad and had some drinks for us. They were very delicious. Dad also acted as a magician. He performed a magic show for us. It was funny and exciting too. We enjoyed the show very much. What an unforgettable birthday!

Hello everyone, today I am going to talk about my unforgettable trip in England. I went there two years ago during the summer holidays, with my family. We stayed there for one month. I went to England because my big brother had a summer camp there.

In the pictures you can see me and my family looking at a waterfall. We went to the playground to play when we finished watching the waterfall. My parents and I played happily but my mum screamed loudly because she was also a bit scared of playing on the slide.

After that, we went to the hotel to eat dinner. But on the way, I jumped from the top of stairs. I fell down on the floor. My knee was hurt and it was very painful. My mum used some water to wash my wound. I felt very happy in this trip, but I was in pain because of the wound!

Thank you for listening to me.
Recently, I won HK$1,000 in a film-making competition. I made a documentary which was about my pet dog. I made this film to record all the best moments that my dog and I spent with each other.

I entered the competition in the hope that people would be touched by this film. I made it three months ago and spent many nights editing it.

I felt great when I learnt that I won the competition and I will spend the money on camera equipment so that I can make films with higher quality in the future.
Winning a Film-Making Competition

Recently, I won HK$1,000 in a film-making competition. I made a cartoon film for the competition because I wanted to bring fun to others. I entered the competition because I wanted to make the people happy and cheerful.

I started making films when I was eighteen years old. I had great feelings of success. But the prize for this competition was very meaningful to me because this was my first prize.

I could do it because my parents helped me a lot. So I thanked them very much. I will spend the money for further study because I want to have more knowledge on film-making.
